UPDATE

We are now on the cusp of the transition to Medicaid expansion as well as new insurance options available through Covered California, California's new health insurance exchange. With the support of the Board and through strong collaboration with our sister County Departments and community, labor, and health plan partners; the Department of Health Services (DHS) is engaged in key initiatives and operational changes that will help our system succeed under the Affordable Care Act (ACA).

In my last report, I presented a prototype DHS dashboard that I hope will serve as a progressive snapshot of our ongoing system transformation. In this report, I have updated the dashboard and included supporting details and materials to provide additional context (see attachment). As always, I welcome your suggestions and feedback on the dashboard report, which we will continue to modify and improve in successive iterations.

If you have any questions or need additional information, please contact me or Anish Mahajan, Director of System Planning, at (213) 240-8416.

I DON'T HAVE health coverage. How can I get healthcare NOW?

- ◆ **Healthy Way LA (HWLA)**—This is a free program you can apply for right now. Learn more at www.ladhs.org/hwla or call 1-877-333-4952.
- ◆ **Medi-Cal**—Right now, this is a program for low-income children and parents, pregnant women, seniors and disabled people. If you fit in one of these categories you may be able to apply for Medi-Cal now. Call 1-877-597-4777 or visit dpss.lacounty.gov/dpss/health
- ◆ **L.A. Care's Healthy Kids Program**—This is low-cost health insurance for children up to age 5 who do not qualify for other programs because of citizenship, residency or their family income is too high. Visit www.lacare.org/potentialmembers/healthprograms/healthy-kids or call: 1-888-452-2273.
- ◆ **Family PACT** provides free family planning and birth control to low income women and men. Visit www.familypact.org or call 1-800-942-1054.

****IT IS FREE TO APPLY TO THESE PROGRAMS!****

What if I am not eligible for any of these programs?

- ◆ **County and Community Health Clinics** are here to help NOW and in 2014. Los Angeles County residents who can't be on other programs because of citizenship, residency, age or other reasons can find a clinic near them at: www.ladhs.org/wps/portal/clinicsearch.

I ALREADY HAVE health coverage. How will Health Reform impact me?

- ◆ **I have Medi-Cal!** You can keep your Medi-Cal health insurance. Find out more at: dpss.lacounty.gov/dpss/health or call 1-877-597-4777.
- ◆ **I have Medicare!** You can keep your Medicare. The health reform law may lower the cost of your medicine. You won't have to pay for preventive care like cancer screenings, vaccines, flu shots, and wellness visits. Find out more at: www.medicare.gov or call 1-800-633-4227.
- ◆ **I have insurance through my job!** You can keep your health insurance. The health law doesn't make employers change your insurance. Find out more by contacting your health plan or employer.
- ◆ **I buy my own health insurance!** You can still buy insurance on your own. Starting in October you can shop for lower cost health insurance through *Covered California* (coverage starts January 1, 2014). Visit www.coveredca.com or call 1-888-975-1142.

What if I have Healthy Way LA (HWLA)?

- ◆ On January 1, 2014 Healthy Way LA will become Medi-Cal. You'll get mail explaining the change soon. Learn more at www.ladhs.org/hwla or call 1-877-333-4952.

Health Care Reform *and YOU...*

STILL NEED HELP?

Call Neighborhood Legal Services Health
Consumer Center: 1-800-896-3202

I don't have insurance. What are the new options for me in 2014?

What is Health Care Reform?

- It's a federal law that began in 2010. It changes how some people get health care in the United States
- It's also called the *Affordable Care Act* or *Obamacare*

What has already changed?

- Health insurance has to include check-ups and most preventive care for FREE
- Young adults can stay on their parents' health insurance until they're 26 years old
- Insurance companies can't cancel your health insurance if you get sick
- Insurance companies can't deny kids care because they're sick now or have been sick in the past
- Insurance companies must spend 80% of your money on health care or give you money back

What changes happen January 1, 2014?

- NEW ways for people to get FREE or LOW COST health insurance
- Most people must have health insurance or they will pay a fine
- Insurance companies can't deny anyone care because they're sick now or have been sick in the past
- Insurance companies can't charge you more money or limit how much they'll pay because you are sick
- Former foster youth who had Medi-Cal at age 18 will be eligible for Medi-Cal up to age 26

MEDI-CAL: California's Medicaid program—for people with low incomes. Currently Medi-Cal is medical insurance for low-income children, parents, pregnant women, seniors, and people with disabilities.

What is changing?

- January 1, 2014:** More people will be able to get Medi-Cal. The income limit will be higher, and adults without children will be able to apply! (See chart below.)
- Is this for me?** Find out! Call Healthy Way LA (HWLA) to see if you can apply now. Visit www.ladhs.org/hwla or call 1-877-333-4952.

COVERED CALIFORNIA: An online marketplace where people can shop for health insurance and find out if they qualify for financial help to make insurance more affordable. Shop online or by phone.

When does it start?

- October 2013:** Open enrollment will be from October 1, 2013 through March 31, 2014. Enroll by December 15th to have health insurance starting January 1, 2014!

Is this for me?

- Find out at: www.coveredca.com or call 1-888-975-1142.

If you are*...		In 2014, you may qualify for...
	An individual making less than \$15,856	Medi-Cal, a free government program.
	An individual making \$15,856 to \$28,725	Help paying out-of-pocket costs like deductibles and co-pays and a tax credit (subsidy) that will lower the amount of your monthly premium.**
	An individual making \$28,725 to \$45,960	A tax credit that will lower the amount of your monthly premium.**
	An individual making over \$45,960	You do not qualify for government assistance, but you can still shop for insurance through Covered California.
	A family of four making less than \$32,499	Medi-Cal, a free government program.

EMPLOYEE BENEFITS

Employees to choose from an outstanding array of benefits that meet their specific needs. The package includes:

Retirement Plan

Newly hired LA County physicians are eligible for retirement plan "G" to which they can contribute monthly at a rate of 7.75% of gross income, unless they're already a member of the L.A. County Employee Retirement Association (LACERA) or have established reciprocity with another public retirement system prior to January 1, 2013. County employees do not pay into Social Security but instead pay the Medicare Hospital Insurance Tax (HIT) portion of Social Security at a rate of 1.45%. For more information, go to LACERA's website: <http://www.lacera.com>.

Cafeteria Benefit Plan

Employees may "purchase" benefits through the *Choices* Cafeteria Benefit Plan using the County's contribution. The County contribution rate depends on the number of dependents enrolled. Any portion of the County contribution not used to purchase benefits is paid to employee as additional taxable income.

Benefits available within the *Choices* Benefit Plan include:

- Medical insurance
- Dental insurance
- Life insurance
- Long Term Disability insurance
- Accidental Death and Dismemberment insurance

Flexible Spending Accounts

Employees may elect to contribute before-tax dollars to a flexible spending account(s), which can be used to pay for qualified health care and dependent care expenses.

Deferred Compensation Plan (457)

Optional tax-deferred income plan that includes a County matching contribution of up to 4% of employee's salary.

Paid Time Off

- 11 paid holidays per year
- Vacation: Employees with 0-4 years of service may accrue a maximum of 80 hours per calendar year. The earned vacation hours may not be used until the employee has completed one year of service.
- Sick leave: Employees with 0-1 years of continuous service may accrue up to 80 hours of sick leave per calendar year.
- CME Leave: 80 hours paid leave per year for qualified continuing education, which can be completed at home.

Malpractice Coverage:

Los Angeles County is self-insured and provides full malpractice coverage to its physician employees (occurrence policy).

SALARY INFORMATION

All salaries below are the current entry step for Primary Care specialties and are subject to change. Candidates may be hired at a higher entry step based on qualifications, experience and current/previous earnings. A base salary differential of 5.5% is added for board certification. In addition to base salary, taxable income can be generated from unspent County contributions for employee benefits (see Cafeteria Benefit Plan section of this brochure).

Base Salary for Family Medicine Physicians

- Initial Step Placement: \$10,236/month (\$122,832/year)
- Salary increases of 3% annually to a maximum of \$15,948/month (\$191,376/year)

Base Salary for Internal Medicine-General Physicians

You'll Love L.A.!

With a population of 10 million, Los Angeles County has more residents than any other county in the U.S. It is culturally diverse and is home to world-renowned museums, theaters, and theme parks, the nation's motion picture industry, major universities, and great restaurants. Its coastal climate is temperate year-round. The mountains, deserts, and the beautiful Pacific Ocean, along with some of the world's finest urban recreational attractions, are within a short distance of downtown L.A. Living in L.A. offers the best of the Southern California lifestyle!

DEPARTMENT OF HEALTH SERVICES

Formed in 1972, the Department of Health Services (DHS) is the largest Los Angeles County Department and the second largest public health system in the nation, with a network of three hospitals, one rehabilitation hospital, two Multi-service Ambulatory Care Centers (MACC), six Comprehensive Health Centers (CHC), and eleven Health Centers (HC) and Community Clinics (CC) and School-Based Clinic (SBC). Our hospitals are affiliated with world-class medical schools - Olive View—UCLA, LAC+USC, and Harbor-UCLA Medical Centers. The Department of Health Services leads the County's effort to provide personal health services to the residents of Los Angeles County, of which approximately 2 million are uninsured. The Department's services are critical for the medically indigent, working poor and others who lack regular access to health care.

The Ambulatory Care Network (ACN), formed in 2011, encompasses all the free-standing outpatient facilities of DHS that are not directly operated by a hospital or hospital-based residency program. ACN leadership works collaboratively with community-based health care organizations, contractors, and health advocates to deliver ambulatory care services throughout the County.

OPPORTUNITIES FOR PRIMARY CARE PHYSICIANS

Job Summary:

Part-time and full-time primary care physicians will provide direct patient care in the outpatient setting to a panel of patients through patient care teams that comprise patient-centered medical homes (PCMHs). There may be teaching, leadership, and inpatient care opportunities available as well although these are not required of most positions.

We also are looking for physicians interested in more flexible schedules through part-time or per diem work. Salary and benefits listed in this brochure are for full-time physicians and will be pro-rated for part-time physicians or may not be applicable to per diems.

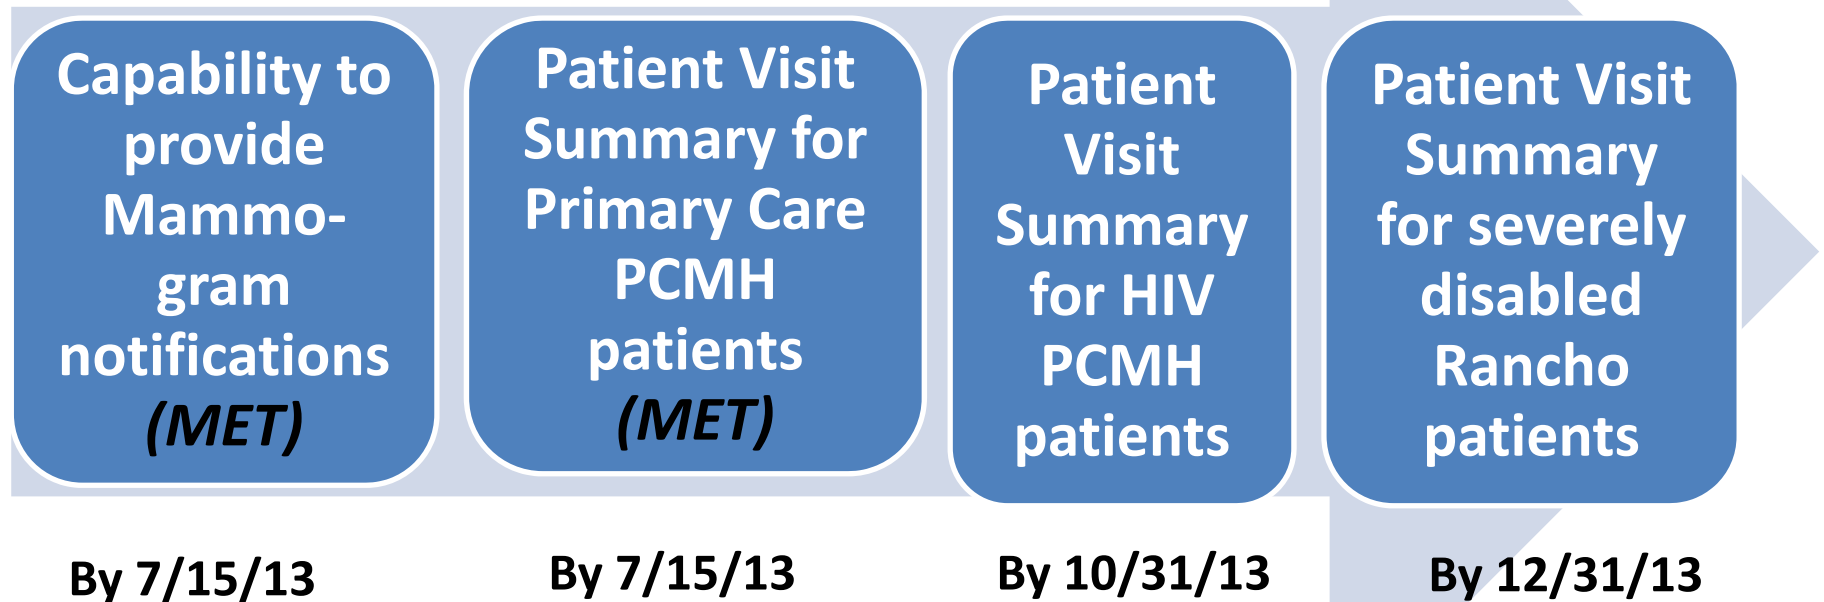

Job Requirements:

- Active, unrestricted California medical license
- Legally eligible to work in the United States
- Completion of a residency approved by the American Board of Medical Specialties in at least one of the following specialties: Family Medicine, Internal Medicine, or IM / Pediatrics.

WHY WORK FOR L.A. COUNTY?

- Be part of an organization that is committed to excellence, innovation, and patient-centered care.
- Fulfill your personal mission.
- Work with dedicated staff and diverse patients.
- Job flexibility and growth opportunities
- Affiliated with world-class academic institutions
- Excellent benefits and potential for loan repayment
- Work-life balance
- Outstanding malpractice coverage provided

Internal Nurse Registry

GOALS: To reduce DHS' reliance on nursing registry, maintain continuity of care and provide quality patient care.

PILOT: LAC+USC Medical Center (highest user of external RN registry at DHS) focusing on RNs. Expected timeframe is 6 months.

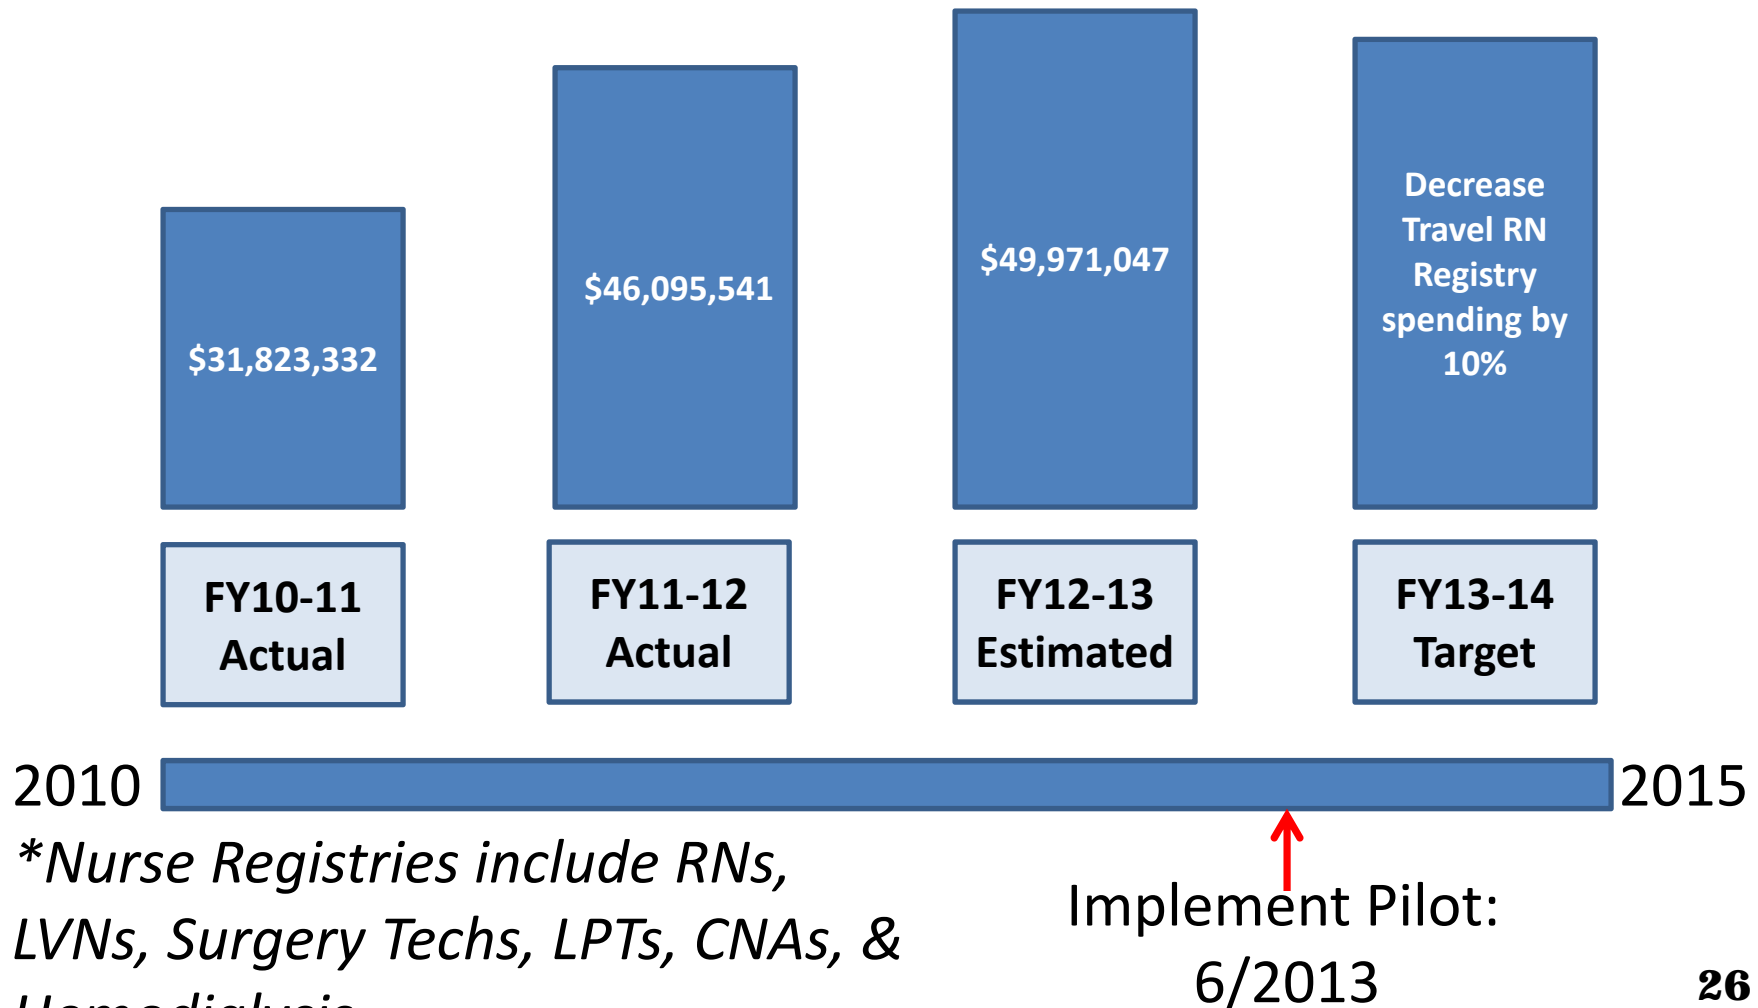

PILOT STAFFING PLAN: The rate of pay is a flat rate of \$45, which is lower than the registry rate of \$65-\$70 and benefits the nurses. For ex) an RN I who makes \$35 could pick up an extra shift through the internal registry program and make \$45.

SEPTEMBER UPDATE:

- Developed a new RN1/Relief RN Exam, with a module allowing applicants to identify preferences for work location, shift, and specialty areas
- Following initial exam administration, more than 100 nurses identified as potential Relief RNs on the certification list
- To date, over 30 candidates scheduled for interviews with hiring managers, and 5 Relief RN offers recently made

**Nurse Registries include RNs, LVNs, Surgery Techs, LPTs, CNAs, & Hemodialysis.*

Lots done, Lots more to do!

- Although many of DHS' initiatives for health reform are underway and proving successful...
- There are many more steps to take as we accelerate our transformation
